Assassination film planned

ELLSWORTH — Terry Garnett will present an in-depth discussion with slides and films, including the well-known Zagrunder film, "Is the Warren Report Valid?" at city hall, July 21, at 7:30 a.m.

Her talk is being sponsored by the Ellsworth League of Women Voters in line with their Right-to-Know study. The Zagruder film shows the actual assassination of the late President John Kennedy.

Garnett has done much research on this subject for a period of years. The community is invited.
